

Manufactured Parts and Processes			
#	Part	Process	Material
1	Reservoir	Injection Molding	Acrylonitrile Butadiene Styrene (ABS)
2	Reservoir lid	Injection Molding	ABS
3	Clamp	Injection Molding	Polycarbonate (PC)
4	Stake	Injection Molding	PC
5	Stopper for clamp	Injection Molding	Thermoplastic Polyurethane (TPU)
6	Housing (servo and sprayer)	Reaction Injection Molding	Thermoset Polyurethane
7	Sprayer Cover	Injection Molding	Polypropylene
8	Diaphragm Supporter	Injection Molding	PC
9	Legs of reservoir stand	Extrusion	14-7 PH Stainless Steel
10	Base of Stand	Transfer Injection Molding	Polypropylene
